OUR BIOGRAPHICAL SKETCH FOR THIS MONTH TURNS TO THE DISTAFF SIDE - - - It is none other than Mrs. Carl J. Rippel. And as we all know, Helen is the person who really helps to keep FSSA rolling, in her capacity as Corresponding Secretary.

She was born in Toledo, Ohio and has always lived in that state except during Carl's World War II duty in Naval Aviation. Helen's principal task is being a housewife, with 3 sons - Jeff, a freshman at Ohio State University, Jim a High School sophomore and Billy a first grader. The present secretary's job was inherited by helping Carl when he was FSSA National Secretary in 1963. Helen started sailing as crew in 1959 with their first Scot, #156; now it's #610. She learned to sail and race simultaneously, which was quite exciting. The Rippels have competed in four of the last five FSSA Nationals; their

biggest thrill-1st place in the 2nd race of the 1966 Nationals. All of the family sail, Jeff, as crew, and Jim the Jr. Skipper Champion for 2 years and also winner of the 1966 Leatherlips F/S Fall series. With all of the family junior competition, Carl and Helen saved face by winning the Fleet 2 Scot Championship in 1966. Helen's other activities -- a member of the Indian Run Ladies Golf Ass'n., Columbus Women's Golf Ass'n., Squaws-leather lips YC, First Mates-Hoover YC., as well as numerous School and Church activities.

Helen, what do you really do with all of your spare time?

Tom Meaney reports that, at the end of April, the FSSA Membership is up 21% over a year ago. We appreciate the help being put forth by the FSSA Members to have as many as possible join the Association. And don't forget to send your \$2.00 per F/S patch to Fred Weintz, so that we will all be showing up with the insignia this year.

Orville White's May issue of Montreal Fleet 36 Bulletin, interesting and informative as always, reminds us that for the FLYING SCOT NORTH AMERICAN CHAMPIONSHIPS the Airport Hilton reservations will be turned back to the Hilton as of June 30th, if any are left of our FSSA block. So, if you are planning on staying there and have not sent in your \$20.00 deposit, we urge you to do so promptly. Use the forms in last month's Scots N' Water. And those who will attend the Regatta, but are planning on camping, commuting or who live locally, and have not advised the local Fleet 36 people of your plans, please do so as soon as possible so that all of the registrations are up to date. Jack Howlett, P.O. Box 103, Hudson, P.Q., Canada is the man to notify. The Regatta will be big - 75 to 85 Flying Scots are expected. EXPO 67 is big and well organized and everything should go off with a bang. In two long evenings at Expo 67, Orville and his family have been able to go through three pavilions, leaving 87 yet to visit. They report that the rave notices by the press are truly not a bit exaggerated. And we would like to congratulate Orville on the excellent detailed list of all Fleet 36 members, other Canadian Scot sailors and all persons who receive the monthly Bulletin; this is a big help to the FSSA.

No, it really isn't necessary to use a bus to trail your Scot. But Paul Welles and his family enjoy taking trips with their F/S #102 from the home base, which is North Carolina, using the ex-school bus shown in the photo. Allen (Mrs. W.) took this picture of the family, which includes three boys, three girls, Paul and one of their German Shepherds by the name of Belle on a trip to Buzzards Bay in New England. The only really serious happening was when Belle managed to tangle with a skunk. Otherwise, all eight people slept and ate in the bus which has "all the comforts of home". For those wishing more details, the mast had to be carried on top of the bus in order to keep within highway length limits; it does stretch out to 52 feet. You will also note that the Welles carried a little 9-foot sail-boat called a "Squal". Sounds like a real family deal, doesn't it! Anyone interested, we are sure, could obtain more details from Paul by writing him at his home address, 3227 Birnam Wood Road, Raleigh, N.C. 27607.

Thought you might be interested in knowing that Flying Scots #0 and #1 are still active, and just in case the respective owners happen to read Scots N' Water, we would like to have them write in, bringing us up to date on these two boats. Both owners, John Cowing of Canton, Ohio and George Farris, M.D. of Harrison, Tenn., respectively, continue to be active FSSA members. Would like very much to hear from both of you, what your boats are made of, and any details you wish to pass along. (ED.)

- - - S-&-W - - -

With so many new FSSA members writing in requesting past issues of Scots N' Water, we should tell you that we are nearly out. There are a scattered few left, so if you are interested, give it a try; we'll let you know if we can fill your order. And to replace issues out of print, maybe other local FSSA members have a file and would let you Xerox them. Eventually, we do hope to have a F/S Manual which will include all of the important S&W technical articles over the years. (That's right, isn't it, Tom?).

- - - S-&-W - - -

CAVEAT EMPTOR - No boats for sale this month. It seems that they are being picked up before we can run their advertisements. ED.

- - - S-&-W - - -

Jack Woolf, M.D., F/S Fleet 23, sends in from Dallas copy of the February issue of OUTDOORS, the monthly Mercury Outboard publication (Kiekhaefer Corp.) with a wonderful colored photo on the cover of a red and white Flying Scot leaving what appears to be a Lake Michigan harbor under Mercury power and j ready to hoist sail near the end of the breakwater. There is no reference to the photo in the magazine. Will someone please bring us up to date who the four people are and the location?

- - - S-&-W - - -

Please send in to Helen Rippel or the S&W Editor the names of your fleet Captain and Correspondent for 1967, in case you haven't done so as yet. Tom Meaney needs them, Helen needs them and I need them. Only about half of the fleets have responded to our earlier request. ED.

- - - S-&-W - - -

Riverside and Old Greenwich, Connecticut Flying Scot Fleet #7 continues to be one of our largest and most active, with 31 boats-from Horace and Jessimay Sipple in #27, including FSSA National Treasurer J. Fred Weintz and Betsy, #222, through Chuck and Dolores Edgar in #1124. Chuck is Sec.-Treas., Dave Griffin Captain, Beans Smith, Measurer and Charles Rowe, Recorder. A well-rounded racing schedule (with prizes) has been issued.

- - - S-&-W - - -

Steps have immediately been taken to correct a revolting development brought to our attention by a new FSSA member, F/S #1063, whose recent letter states "---but, to date, I have not received a single issue of your publication. Your very prompt attention will be appreciated. Our friends are quoting SCOTS N' WATER frequently and we are uninformed." Very sorry for the delay, J.G. We just can't blame it on the truckers strike, either. - ED.

- - - S-&-W - - -

Bill Ott, M. D., Kilgore, Texas, Office Phone 7512, has reported on the May Regatta held at Tyler, Texas, having sent these results to John Batte in Jackson, Miss., who in turn has forwarded the information on to Scots N' Water. Nine Scots competed, with Henderson (2-1-1) taking first place. Drum (1-2-3) second, Fred Tears (5-4-2) third, Mrs. Harris Garrett (3-3-DSQ) fourth and Bill Ott (4-6-4) fifth. It was pretty breezy, good spinnaker weather, with lots of halliards up the masts, broken fittings, etc.

- - - S-&-W - - -

In winding up the F/S #1000 Raffle, Fred Weintz, FSSA Treasurer, in a letter to Mr. Charles S. Morgan, Treasurer of the United States International Sailing Ass'n., on May 8, 1967, enclosed the check for \$5,211.29 and stated that "The FSSA is proud and pleased to be able to make this tangible contribution to our Olympic sailing efforts, and our people are indebted to Sandy Douglass for conceiving the idea and carrying it out so well."

- - - S-&-W - - -

John C. Jones, III, 56 Hawes St., Brookline, Mass. 02146, has developed a two-page "CHECK LIST FOR LAUNCHING AND TRAILERING YOUR FLYING SCOT" which is available from John at 25¢ each to cover handling cost.

- - - S-&-W - - -

The Boston Herald-Traveler has sent the Flying Scots an invitation to attend the Challenger Cup Race on July 10-12th for top Class skippers. Due to the high level expected, it has all been turned over to Sandy Douglass.

- - - S-&-W - - -

Those who attended the Scot Nationals in Cleveland last year will all remember Shirley Morgan who trailed his F/S 533 all the way from California, the first West Coast boat to sail in a FSSA National Championship, where he placed third in one race and took home a piece of silver. We are sorry to report the sad news, that on April 27, 1967, Shirley was fatally injured in an automobile accident.

- - - S-&-W - - -

George Stokes, Wilmette, Illinois Fleet #3, reports that Fleet Captain Jack Beierwaltes was caught after dark recently wet sanding his bottom with #400 paper. Of course, Jack is in the paper business and has certain rights.

- - - S-&-W - - -

From John Batte, we recently received a clipping about E. P. Rawson, Fl. 45 Correspondent, being awarded a top citation for "exemplary service" in connection with the HEW Federal Welfare program's Vocational Rehabilitation work. John also reports on this year's Dauphin Island Race on April 15th, with Bill Suddath of Fleet 45 the winner. Participants included four Scots from Fleet 45 and four from the Mobile Fleet 38. Later in April Dr. Ben Banahan, Fleet 45 Captain, won the long distance race at the local reservoir. In fact it was so long, that time was taken out for picnic lunch at a local marina before returning to the Jackson Yacht Club.

- - - S-&-W - - -

For the first five months of 1967, we have averaged a bit over 1,000 copies of Scots N' Water mailed out each month.

- - - S-&-W - - -

Nice note from Irmgard Schildroth, who you will recall, has supplied S&W with several interesting sailing articles. As they are leaving New Hampshire for an overseas assignment, George and Irmgard recently disposed of their F/S #244, and without difficulty as is usual with a Scot. We hope that they will send us some interesting news later and that eventually they will again become Scot sailors.
